BYOX Connection Fee

I acknowledge that successful application to use a BYOX device at Kilcoy State High School will require payment of \$125.00 to the school to cover administration expenses for the use of the BYOX network. This fee will only be invoiced upon successful enrolment of the student's BYOX device onto the schools network systems.

Parent/Caregiver's Name: _____

Parent/Caregiver's Signature: _____ **Date:** _____

BYOX Connection Request

Before completing this form, please refer to the Responsible use agreement on the preceding page. This document must be signed and returned before access to the BYOX Gateway will be provided. You will need to bring the device and this form to the on-site Information Technology officer for approval before this form goes to the Principal for final approval.

Parent – First name and Surname					
Student – First name and Surname					
MIS ID e.g. flast1		Year Level (circle)	7	8	9 10 11 12
Private Laptop Details					
Make and Model e.g. Dell Latitude e6230 12.5					
Serial Number (Usually found on the bottom of the laptop)					
Security software installed (minimum Anti-virus)	Details:				

When using a privately owned laptop at Kilcoy State High School, or connecting it to the school network, we agree that:

- The device must at all times be connected to the BYOX Gateway when on school premises and in use. When connected to the BYOX Gateway, all activities will be logged. School ICT guidelines are

to be followed in accordance with the completed and signed school ICT Agreement (signed on enrolment).

- The device will only be used for educational purposes when connected to and using school services
- Kilcoy State High School will only provide technical support to enable connectivity to the school network via the BYOX Gateway, for access to student files required for class, internet and printing services. This may require school technical support staff to amend laptop settings.
- It is the responsibility of the student to ensure that the private laptop is secured when not in use. Kilcoy State High School takes no responsibility for theft, loss, vandalism, damage or unauthorised access to private laptops.
- BYOX devices must not be charged using school power outlets or by plugging into school owned computers. All private laptops must be brought to school fully charged.
- BYOX devices must contain a virus scanner with up-to-date data virus definitions.
- It is the responsibility of the student to back up data on the private laptop e.g. to external hard drive; USB; or OneDrive.
- Any software purchased under Education Queensland agreements must be removed from the private laptop as per the conditions of the agreement. This includes if the student leaves Kilcoy State High School. Any privately owned software installed on the laptop must be age appropriate, follow **copyright legislation** and not cause offense.
- Kilcoy State High School and the Education Department reserves the right to restrict access and use of any private laptop used on the school grounds, whether it is connected to the school network or not. Access to the school network and permission to use the private laptop on school grounds will be withdrawn as a consequence of any inappropriate use and/or security breach. OneDrive (Education Queensland Account) is the only cloud-based service to be used to store, send or access information. Other cloud-based services such as iCloud or Dropbox must not be used.
